BEC's comprehensive product portfolio of solutions incorporate 3G, 4G/LTE, Fixed Data Routers, VoIP/VoLTE Gateways, Rugged Outdoor, Industrial/M2M Connectivity, Public Safety, Fleet/Telematics and Cloud based remote device management. Our solutions are designed for high availability, reliability and secure connectivity all backed up with class-leading technical service and support.

| 4G LTE PRODUCTS

6300VNL Enterprise LTE Router

Dual-WAN, 4-port Gigabit Ethernet Switch, Carrier-class Wi-Fi, Integrated VoIP, Enterprise Software

Applications: Wireless Broadband, Enterprise/Branch Office, Business Continuity

MX-200 Industrial M2M Router

Dual Gigabit Ethernet, RS-232 Serial Interface, Optional GPS, Enterprise Software

Applications: SCADA, Metering, Digital Signage, Remote Surveillance, ATMs/Kiosk, and PoS

Cloud Management System

Real-time monitoring, management and control. Designed to simplify device access, streamline and speed up deployment, lower support expenses and maximize the operational efficiency and profitability.

MX-1000 Multi-Carrier LTE Router

Multi-WAN, 4-port Gigabit Switch, Carrier-Class Wi-Fi with Hotspot, USB, GPS, Power Ignition control, Enterprise Software

Applications: Mission Critical Operations, Logistics/Transportation and Fleet, Public Safety/FirstNet

[M2M/IOT]

6900 Series LTE Outdoor Router

Wideband multi element adaptive antenna, Multiple Ethernet Interfaces, Industrial-grade components and IP-67 Rugged enclosure

Applications: Outdoor, Mission Critical, Industrial, Oil and Gas, Mining, Marine, Rural/Urban Hotspot

Industry First LTE .11AC Hotspot
